

ADVANCING DYSPHAGIA PRACTICE

We are delighted to announce our next professional development conference event

“Service users as service leads: patients as equal partners in dysphagia management”

**Preston 19th September 2019 9.30am - 4.30pm;
20th September 9am - 1pm**

£90 Day One only; £120 Day One & Day Two incl. Lunch

The importance of working in partnership with service users, their families, and carers is paramount. This event will address key dysphagia clinical, service and research issues from a service user perspective.

In addition to lectures from national experts, the event will provide opportunities for discussion, reflection and active networking.

The programme is open dysphagia service users, their families and carers, and to all relevant dysphagia healthcare professionals working with any patient group - neonates, paediatric, learning disabilities, adult neuro, head & neck cancer, dementia, end of life care.

Booking opens March 2019 - places limited so save the date!
